### “ Sleeping St Joseph ”

God loves sleep, he made it and designed about one third of your life to be spent in sleep. God is a father and delights in his children when they sleep. God communicates with his children when they sleep. In the life and mission of St Joseph, God chose to speak to him as he slept. On four occasions, God communicated through an angel to St Joseph very important messages in his dreams. St Joseph's sleep is so important and powerful that Satan fears it. The great St Joseph responds more with obedient action than with words. He did as the angel of the Lord commanded, St Joseph's sleep is a game-changer!
